

## GUEST LECTURE REPORT

**Event: Guest Lecture**

**Day & Date: 14<sup>th</sup> February 2024**

**Location: Seminar Hall C Block, Sanjay Ghodawat University, Kolhapur**

**Guest Speaker: Mr. Mayank Arora**

**Topic: "Awareness of Skill Enhancement and Placement"**

**Organized by: Department of CSE, Sanjay Ghodawat University, Kolhapur**

---

The Department of Computer Science and Engineering had organized a seminar at Sanjay Ghodwat University on "Awareness of Skill Enhancement and Placement". It was kicked off with great anticipation in Seminar Hall C Block. Mr. Mayank Arora, From Capabl Industry he is founder and CEO of @capabl. Also founder of "elite techno groups". He delivered an enlightening lecture on skill enhancement and Placement.

### **Seminar Highlights:**

---

**Audience engagement:** 180+ students from the department attended the lecture. Level of engagement increased from students through multiple questionnaires and sharing their views and opinions with the lecturer.

**Key learnings for audience:** Students got to know how to choose the right track for their career. And also got to know how to develop /increase skill sets required for their field. Students also cracked the exam served by @capabl industry to know about their iq, logical, as well as technical capacity to solve the questions.

**Conclusion:** overall impression of the lecture was quite good for the students to let them know where they should correct themselves and what to evade while earning skills. Also impacts on, students level of thinking and changing the point of view of students from "seeking to get job " to , "how to earn the job" .

**Acknowledgements:** on behalf of computer science and engineering i thank to Mr. Mayank Arora sir for guiding us and sharing insights on "career awareness and opportunity".

Also thank to Hod of computer science and engineering for organizing such a great lecture.
