**Day & Date: Thursday & Friday,01/02/2024 To 02/02/2024**

**Location: MBA Auditorium, Sanjay Ghodawat University, Kolhapur**

**Guest Speaker: Session I: Dr. B.M.Hirdekar**

**Session II: Dr. S.S.Shah**

**Session III: Dr.B.Mangave**

**Session IV: Dr. S.N.Sapali**

**Session V: Suhas Sapate**

**Session VI: Dr. Vivek Kayande**

**Topic: ”Sustainable Development”**

**Organized by: Department of CSE, Sanjay Ghodawat University,Kolhapur**

### **Introduction:**

The event on “Sustainable Development” held at Sanjay Ghodawat University on 1 st and 2 nd February 2024 aimed to explore the intricate relationship between sustainability and various disciplines. With a focus on fostering interdisciplinary collaboration, the event brought together students, educators, professionals, and experts to delve into the multifaceted aspects of sustainable development.

### **Key Objectives:**

- 1.To highlight the importance of incorporating sustainable practices across diverse fields.
- 2.To facilitate knowledge exchange and collaboration among participants from different disciplines.

3.To showcase innovative approaches and projects contributing to sustainable development.

### **Event Overview:**

The event commenced with an inaugural session, where distinguished speakers from academia and industry shared insights into the significance of sustainable development in addressing global challenges. Subsequently, the program featured a series of panel discussions and presentations covering various themes such as sustainable architecture, renewable energy, environmental conservation, social entrepreneurship, and sustainable agriculture.

On these two days 170 students were presents and “we have got valuable insights from thisworkshop” this was the feedback from them.

### **Conclusion:**

The “Sustainable Development in Multidisciplinary” event served as a catalyst for fostering interdisciplinary dialogue and collaboration towards achieving sustainability goals. By bringing together stakeholders from diverse backgrounds, the event underscored the interconnectedness of various disciplines in addressing complex sustainability challenges. Moving forward, it is imperative to continue promoting such initiatives that promote cross-disciplinary engagement and contribute to the advancement of sustainable development agendas.

### **Recommendations:**

- 1.Organize regular interdisciplinary forums and workshops to sustain momentum and foster ongoing collaboration.
- 2.Encourage the integration of sustainability-focused modules and projects into academic curricula across disciplines.
- 3.Establish platforms for knowledge sharing and resource exchange among students, faculty, and professionals interested in sustainable development.
- 4.Support student-led initiatives and projects that promote sustainability and community engagement.

5.Explore partnerships with industry stakeholders and governmental agencies to scale up sustainable initiatives and implement real-world solutions.

6.Overall, the event served as a testament to the collective commitment towards creating a more sustainable and equitable future through interdisciplinary collaboration and innovation.
