GUEST LECTURE REPORT

Event: Seminar

Date: 08/09/2023

Location: Seminar Hall C Block, Sanjay Ghodawat University, Kolhapur

Guest Speaker: Mr. Rahul Patil, Vice President of Bently Systems

Topic: Artificial Intelligence (AI) and its Application in Bently Systems

Organized by: Department of CSE, Sanjay Ghodawat University, Kolhapur

Day Friday

The two-day seminar at Sanjay Ghodawat University commenced with great enthusiasm in Seminar Hall C Block. The guest speaker for the event, Mr. Rahul Patil, Vice President of Bently Systems, delivered a captivating lecture on Artificial Intelligence (AI) and how Bently Systems utilizes AI in its operations.

Seminar Highlights: Opening Ceremony: The event started with an opening ceremony, where the university officials welcomed Mr. Rahul Patil and all the attendees. They highlighted the significance of AI in today's technological landscape and expressed their gratitude to Mr. Rahul Patil for sharing his expertise.

Mr. Rahul Patil's Lecture: Mr. Rahul Patil, a distinguished expert in AI, began his lecture by providing an overview of AI and its various applications. He explained how AI has revolutionized industries such as engineering, healthcare, and finance.

Bently Systems and AI: Mr. Rahul Patil elaborated on how Bently Systems, a leading software solutions provider in the engineering sector, leverages AI to enhance its products and services. He discussed specific AI-driven projects within the company, showcasing real-world examples of AI's impact on engineering design, construction, and asset management.

Q&A Session:

The audience actively participated in a question-and-answer session, where they had the opportunity to clarify their doubts and seek further insights from Mr. Rahul Patil. This session encouraged a dynamic exchange of ideas and information.
